

AROWAY 7220FR

AROWAY 7220FR is a general type vinyl ester resin and added the flame resistant components . It is with the same excellent resistant to water , acid , and alkali performance , similar to vinyl ester It is also resistant to flame to approach UL-94 Vo grade.

SPECIFICATIONS

Appearance	:	White and unclear
Viscosity	:	800±100cps
Volatile content (%)	:	63~68%
Specific gravity	:	1.25~1.30
Storage Time	:	3Month (25°C ↓)

GUNING PROPERTIES :

Gel times set : 15 ~40 mins

Temperature	55% MEKPO*	6% CoOCT*	10% DMA*
Winter 12~18°C	1.0~2.0%	0.5~0.6%	1.0%
Spring and fall 18~25°C	1.0~1.5%	0.4~0.5%	0.5~1.0%
Summer 25°C ↑	0.8~1.0%	0.3~0.4%	0.0~0.5%

Note :

1. Stir the product uniformly before use to prevent the sediment produced after a long time storage .

2. MEKPO	:	Methyl Ethyl Ketone Peroxide
CoOCT	:	Cobalt Octoate
DMA	:	Dimethyl Aniline
